SUMMARY AND MOTIVATION

- Over the last 4 years, I have enhanced my technical knowledge by transitioning from data analysis to roles that involve creativity, problem-solving, and collaboration.
- I value structure, which helps me stay organized, focused, and efficient in managing tasks.
- I'm always open to new projects and opportunities that challenge me to learn and grow. I would join an expert team that values diversity, inclusivity, and collaboration, where I can contribute and grow both personally and professionally.
- I am open to receiving feedback, as it demonstrates my enthusiasm for learning and my ability to adapt and embrace new technologies and processes.
